summary	I am a Designer and Art Director who works on a wide variety of creative content for global and national brands. My responsibilities include initial concept through final deliverable: concept, graphic design, file prep/production, vendor interaction, client presentation, art direction of photography and illustration, retouching direction and press checks. Past projects include catalogs and brochures, web and mobile, email, digital ads and banners, in-store materials, signage, packaging, and more. As Senior Art Director, I have supervised graphic designers, production staff, and interns.
